“Extreme Comedian” Chad Taylor to Perform February 26

Chad Taylor will perform his unique blend of “extreme comedy” and juggling on Wednesday, February 26. The performance will begin at 8 p.m. in Kiehle Auditorium on campus. The event is open to the public. Admission is free for UMC students and $2 for others.

Taylor is a man of surprising talents and wide ranging experiences, but it is his “Chainsaws of Death” comedy and juggling act that has gained him the most notoriety. “It’s amazing how many people want to watch you do something stupid,” says Taylor, as he juggles three running chainsaws, lights his finger on fire, and catches a 15-pound anvil with his head.

Taylor grew up in Santa Monica, California. He describes himself as a juggler of careers as well as really bizarre objects. He has performed his unique act on The Tonight Show with Jay Leno, NBC’s Most Dangerous Acts, America’s Funniest People, and several television show in Japan, Germany, and Spain. He is also a talented actor who trained at the Beverly Hills Playhouse. He has appeared on screen in Mr. Saturday Night, Pacific Blue, Nightstand, and two dozen national commercials.

Visit Taylor’s website <www.madchadtaylor.com> for more information. Taylor’s performance is sponsored by UMC’s S.P.A.C.E (Student Programming and Activities for Campus Entertainment) Committee. Disability accommodations are available upon request. For more information, call 218-281-8505.

**ASK ENVIRONMENTAL HEALTH & SAFETY (EHS)**

What should I do if I discover a fire or see smoke in a building?

- Do not panic. Alert anyone in immediate danger.
- Confine the fire by closing doors around it.
- If the alarm has not been activated, pull the nearest alarm box. They are usually located near an exit.
- Evacuate the building by way of the nearest safe exit or into the next building separated by fire doors.
- Even though our building fire alarm systems are monitored 24:7 by Simplex, it is good procedure to have someone dial 9-911 from the nearest safe telephone to insure the fire department has been alerted. You can also tell dispatch any pertinent information you have i.e.) smoke or fire is visible, location in a building, is anyone injured or trapped.
