Fall Registration April 7th - April 25th

Student self-registration using the World Wide Web is available to most students. In-person registration is available to all students at the One Stop Student Service Center, 170 Owen Hall.

Eligibility for Web Self-Registration Students must meet two criteria in order to be eligible to self-register using the web:
1. You must be an officially admitted degree-seeking student (PSEOA, NTC-EGF, Adult Special, and College in the High School students are NOT eligible), and
2. You must have a UMC cumulative GPA of at least a 2.00 or be in your first term of enrollment at UMC. All other students MUST register in-person.

All in-person registrations require adviser signature approval.

General Information for Self-registration

Registration is available on the World Wide Web using Internet Explorer or Netscape Navigator, version 4.X or higher, at your scheduled time in the registration queue - that is, the time when you will be allowed to register for classes on the Web or in person (you can register on or at any time after your time in the rotation). You can find out your scheduled registration time by logging on to the web registration site, or by referring to the printed Registration Queue in the class schedule.

Web Self-registration is available Monday - Thursday from 7:00 a.m.-12:00 midnight, Friday from 7:00 a.m.-10:00 p.m., and on Saturday from 8:00 a.m.-6:00 p.m., except on official University holidays. In-person registration is available at the Office of the Registrar, 170 Owen Hall, 8:30 a.m.-4:15 p.m., Monday - Friday.

WEB REGISTRATION

For detailed step-by-step procedures go to: www.crk.umn.edu/register/howtouse/index.htm

REGISTRATION CHECKLIST

1. Clear any "holds" at the appropriate office
2. Review the class schedule and /or use the web Course Planner to identify courses appropriate to your needs. Use the Portfolio information management tool to access your APAS report at http://portfolio.umn.edu to determine courses you need to complete to fulfill graduation requirements.
3. Complete a sample Schedule Worksheet including possible alternative courses to substitute for closed sections/courses. You can check to determine if classes are "open" or "closed" by reviewing the section status reports on-line.
4. Meet with your faculty adviser to discuss your program needs, review your course selections, and finalize your planned schedule. Make an appointment with your adviser to do this at least one-week before your scheduled registration time. Although an adviser’s signature is not required for self-registration it is strongly recommended that you consult with your adviser to insure appropriate course selections.
5. Do you need any class permission numbers?
6. Do you know the name and policy number of your hospitalization insurance company or your HMO?
7. Go to the registration web site (at http://www.crk.umn.edu/register). Sign on using your Internet ID and password (e-mail username and password).

When Can I Enroll? Find out your registration time and date http://www.crk.umn.edu/register/register.htm . Check for Holds to see if you have any (and remember to check this link frequently as holds are added periodically).

No Smoking Area Designated

A No Smoking Area has been designated outside the exits from Dowell and Dowell Annex that overlook the children’s play yard for the Early Childhood Development Center. This designation follows approval by the UMC Executive Committee at a recent meeting. A request was brought to CSA for discussion and forwarded to the Environmental Health, Safety and Energy Management Committee of Campus Assembly. That committee reviewed the request, contacted other U of M campuses and forwarded a recommendation to the Executive Committee. Chancellor Sargeant and the Executive Committee approved the designation and asked that signage be developed and posted outside those two exits. Facilities Management is in the process of constructing signs. The concern and focus throughout the process initiated by our students was that young children are very impressionable and smoking next to the play area was not a very good example. Thank you to our students for their concern for the future health of our young children who attend our ECD Center. We ask for everyone’s cooperation with this change.
