Ask Pam

Dear Pam, What is the mentor program that I have heard about? I am a transfer student and was wondering if I had a mentor and why they hadn’t contacted me. What is the difference between a mentor and an advisor or are they the same? Confused transfer student

Dear Confused, Good questions. The mentor program is something new we started this year for freshman. Every student has an advisor to help with academics but freshman have a mentor as well. Webster’s defines a mentor as someone who gives advice and instruction to another regarding the course or process to be followed. A mentor can help answer questions or give a person direction. Currently UMC’s mentoring program is only offered to incoming freshmen students. Have you contacted your mentor? If you don’t know who your mentor is please contact Kari Vallager, Interim First Year Experience Director, at ukav002@umn.edu or 281-8527.

If you are a freshman and have not gotten together with your mentor I would encourage you to do so. Each of them have the results of your College Student Inventory for you (the test you took during orientation on the computer). If you would like a mentor as a transfer we can certainly line someone up for you. If any other student would like a mentor please contact me and we can also assign you one.
