Please be aware of the following additions to the policy:

1.) No smoking shall be allowed within 25 feet of any building entrance.
2.) No smoking shall be allowed within the outdoor athletic complex between the south entrance road and the railroad tracks.
3.) This policy shall be governed by “social enforcement.”

Smoking receptacles have been placed in designated locations outside of all buildings on campus. Some buildings located closed together shall share receptacles (i.e. Brink-Lee-South Skyberg, Skyberg Northwest-Westside South, Bergland-Owen, Hill-Selvig) More receptacles are on order and will be distributed in the near future.

The “outdoor athletic complex” includes the following: all sidewalks, service roads and green space encompassing the soccer, baseball and softball fields, track, Ed Widseth Football Field, all bleachers and the press box.

Thank you for your attention to this change.

**Ask Pam**

Dear Pam,
What is the timeline for completion of the new Centennial Hall and why do they start working so early in the morning? DeAnn

DeAnn,
Centennial Hall along with Westside will be finished July 28, 2006. In order to complete the building on time the contractor must start at 7 a.m., to take advantage of all they daylight hours they can. There will be free ear plugs available at the Student Center Information Desk for students living on campus. You may also want to consider running a fan which will create some white noise that will drown out some of the construction noises.

**Doctor at UMC**

Dr. Kanten is a family practice physician from the Altru, Crookston campus who is at the UMC campus most Wednesday’s from 1:00 to 2:30. If you would like to see Dr. Kanten, please contact Stacey Grunewald, RN at 8512 to set up an appointment. There is no charge to be seen by the doctor. Student Health is located in the new Student Center, 145F. Hours are 8:30 to 4:00 Monday – Friday. Please feel free to stop by anytime with your health care needs. Have a great semester!
Concerns have been forwarded to the Department of Environmental Health and Safety with regard to pets and other animals being brought into buildings on campus. The University does not allow animals inside buildings unless they are fall within the guidelines of the following University-wide policy.

The University of Minnesota “Policy on Unauthorized Animals or Pets in University Buildings or on the Grounds” recognizes that certain animals are important to the University community. Approved animals are managed under the guidance of the Animal Care Committee, Veterinary School, or College of Agriculture. Seeing Eye and hearing aide dogs are allowed, by law, access to University buildings. Under “special circumstances” an animal may be permitted access to buildings and grounds with prior approval. All requests for approval must be forwarded to the Department of Environmental Health and Safety prior to the event.

All other animals and personal pets, including dogs and cats, fall under this policy statement. “In order to minimize unnecessary maintenance, sanitation problems, and classroom distraction, no unauthorized animals and pets will be allowed in University buildings. When pets are walked across University grounds, the standards established in the animal control ordinances or legislative codes of the local community will prevail.”

The City of Crookston Code Book, p222, states that no owner shall allow their pet to “run at large” and must be secured to a collar and durable leash. If a dog (pet) defecates outside of the owner’s personal property, the owner is responsible to immediately remove the waste and dispose of it in a sanitary manner. (All pets must be on a leash while on campus grounds.)

Aquariums are allowed in dormitory rooms according to the UMC Residential Life Policy Manual.

Individuals who bring unauthorized animals into University buildings will be asked to remove them. Repeated violators may be subject to the disciplinary procedures outlined in the Student Code of Conduct, or applicable employment rules. The animal(s) may be removed by the local animal control officials.

The full policy may be viewed at: http://www.dehs.umn.edu/policies/unauthorized.html

Questions about the policy or to request permission under the “special circumstances” clause, please contact Tom Feiro, EHS Specialist, Department of Environmental Health and Safety, #2 Kiser Building, phone: 281-8300 or tfeiro@umn.edu

15-Passenger Van Training – September 15

The University of Minnesota does not allow employees or students to drive a 15-passenger van unless they have completed a safety certification course. This policy applies to vans owned by the University and rented from an outside source! There will be no exceptions to this policy! UMC Facilities Management will not allow vans to be checked out unless reserved by certified drivers. If you may be asked to drive a 15-passenger van as part of your position’s responsibilities, for a class, field trip, club activity, community service or athletic event, you must complete this training. Advisors and work study supervisors, please contact any students that may need this training to assist you.

(If you received this training in previous years, you do not need to attend again.)

(If you watched a video training session between February and August 2005, you must attend this live presentation to receive full certification.)
