Completed applications are due in the Academic Affairs Office by 4:30 p.m. on March 5, 2007. DEADLINE IS FIRM; LATE APPLICATIONS WILL NOT BE ACCEPTED. The Review Committee will be meeting early the morning of March 6 to review all applications. The Undergraduate Research Opportunities program offers financial awards to full-time undergraduate students for research, scholarly, or creative projects undertaken in partnership with a faculty member. UROP affords undergraduates the unique educational experience of collaborating with a faculty member on the design and implementation of a project. At the same time, faculty members have the opportunity to work closely with students and receive valuable assistance with their own research or professional activity. UROP encourages students to conduct research and pursue academic interests outside of their regular courses by employing them to work on special projects. Projects are expected to contribute to the student’s academic development. UROP applications are judged on the: quality of the proposed project, strength of collaboration with faculty sponsor, educational benefit to the student. Note concerning PSEO students: PSEO students are eligible to apply for UROP only if they will be enrolled as a regular student in a degree program at UMC the following fall (Fall 2007). If their UROP project was approved, the earliest they could start their project is fall 2007 (they would not be able to start during the summer).
