October 8-14 Violence Prevention Week

October 8-14, 2006

Violence is a learned behavior.
It can be unlearned.

For too many people, violence is becoming an ordinary way of resolving conflict, releasing emotions, and responding to everything from boredom to social injustice.

During this week to help celebrate TURN OFF THE VIOLENCE in your home by:

1. Turning off violent television, movies, music, and video games.
2. Practicing nonviolent ways to manage anger and resolve conflicts.

For more information, visit www.turnofftheviolence.org

This message is sponsored by Parents Helping Parents and the Parent Community Networks of Polk County.

The clothesline project will be displayed in the Eagles Nest the week of October 9-13. The Clothesline Project is a visual display that calls attention to violence against women. The project displays shirts designed by woman survivors of violence and families/friends of woman victims of violence. The shirts hang side-by-side to “Break the Silence” and to bear witness to violence against women. The project focuses on providing healing for survivors of violence, educating the public about violence, and providing solutions through individual action to prevent violence.
