SIFE Speaker Series: Wisconsin Dairy Farmer John Vrieze

As part of the SIFE Speaker Series, Wisconsin Dairy Farmer John Vrieze will be speaking about Manure Digesting. The event will be held in the Kiehle Auditorium at 7 p.m. on November 2, 2006. Dairy farmers, as well as anyone else interested in learning more about manure digesting are welcome to attend. John Vrieze is a Wisconsin farmer who specializes in high quality dairy production through years of genetic management. Along with great cows, Mr. Vrieze is also a strong proponent of the “bio” cycle on the farm, using the manure from the cows to produce natural gas, which is then sold to 3M. The process is called manure digesting. Come and learn ways to enforce this on your farm. Sponsored by SIFE (Students in Free Enterprise).

October is Breast Cancer Awareness Month

Breast cancer is the most common non-skin cancer in American women and the second leading cause of cancer death. Early detection saves lives and increases treatment options. Mammography can identify breast cancer at an early stage, usually before physical symptoms develop. The American Cancer Society is encouraging women age 40 and older to receive annual mammograms for life. For more information contact the ACS at 1-800-ACS-2345 or visit the American Cancer Society Website at www.cancer.org.

Every lid matters. The Information Desk in the Student Center is collecting Yoplait Yogurt pink lids to help fight breast cancer. For every lid collected Yoplait will donate 10 cents to the Susan G. Komen Breast Cancer Foundation. Up to $1.5 million will be donated with a guarantee of at least $500,000. Please drop off your lids at the Information Desk. Your assistance is greatly appreciated.
