Meet Nicole:
It’s no doubt that Nicole is a hero. She has been in the US Army for more than 6 years. She is also a hero on another front; she’s a blood donor. “I donate blood not only for my fellow service members, but for the lives of the American people we fight to protect,” she says. Nicole also donates for a personal reason. Her mother has thalassemia and has needed blood transfusions. “I want to be able to give back to those who gave to her.”

SEARCHING FOR VOLUNTEERS

Please contact Lisa Loegering at loege005@umn.edu about these volunteer opportunities unless otherwise noted.

1. Coats for Kids. The Care and Share is currently seeking to address the very obvious need for winter wear for kids in this area. Winter coats, boots, mittens, and snow pants in GOOD, CLEAN condition are needed now. Drop offs should be identified as Coats for Kids and brought to the front door at Care and Share, 220 East 3rd Street, now. Distribution of coats will be in early October. For more information, please contact Carol at 281-2644. If anyone is going home this weekend and wants to help clean some closets, you can drop off items at Lisa Loegering’s office, 240 Sargeant Student Center, and I’ll get them to the Care and Share.

2. Yellow Ribbons--we have been asked by the Beyond the Yellow Ribbon Committee, a support group for families of soldiers, to help them make 2000 yellow ribbon pins again this year to be given to school groups on Veterans’ Day. I will have the supplies. Please contact me if you are interested in making the pins.

3. Sun, Country, and You, an animal-assisted activities and therapy program that reaches out to people who have developmental, physical or health disabilities is looking for students to assist with chores. The farm includes a large variety of animals, as well as therapy gardens. This is a fabulous opportunity! Please call Eiliesha Owens at 218-521-0056 for more information or to volunteer.

5. Do you love your career? Are you having a fantastic experience at UMC? Would you like to share your experiences and wisdom with high school students? Faculty, staff, and students, please consider volunteering during your lunch hour one or more Thursdays at Crookston High School through the Achieve More Project! For more information, please contact Janessa DeBoer at 281-8673 or deboe053@umn.edu.

Chris Herren
Former NBA Player
Shares his story of Substance Abuse

Wednesday, October 17, 2012
7:00 p.m.
Kiehle Auditorium
University of Minnesota, Crookston

Chris Herren, a 6’2” guard from Fall River, Massachusetts, scored 2,073 career points and received numerous awards and honors during his high school career.

Recruited by top Division 1 programs, Herren chose Boston College. Sideline by an injury, Herren failed several drug tests and left Boston. He was picked up by Fresno State.

Drafted in the 2nd round of the 1999 NBA Draft by the Denver Nuggets. He played one year with the Nuggets.

Traded to the Boston Celtics in 2000 where he suffered a season-ending injury.

After the NBA, he played basketball overseas in five countries, Italy, Poland, Turkey, China, and Iran.

Struggled with substance abuse for much of his basketball career.

Alcohol- and drug-free since August 1, 2008, he has refocused his life to put his sobriety and family above all else.

HOOP DREAMS WITH CHRIS HERREN
Launched Hoop Dreams with Chris Herren, a basketball player development company that offers basketball training, camps, and clinics to top basketball prospects in New England.

“BASKETBALL JUNKIE” Chris Herren’s Memoir
Chris Herren’s memoir, Basketball Junkie, written with Providence Journal columnist Bill Reynolds, was released in May of 2011. It chronicles his struggles with addiction and his journey on and off the basketball court.

ESPN Documentary “UNGUARDED”
ESPN documentary follows him as he realizes his dream to play in the NBA only to lose it all to addiction before rising again with a new dream.

MAKING A DIFFERENCE
Continues to share his story with audiences in the hopes of reaching just one person and making a difference in his or her life.

THE HERREN PROJECT
Founded The Herren Project, a nonprofit organization dedicated to providing assistance to families affected by addiction.

PROJECT PURPLE
Launched a national anti-substance abuse campaign, Project Purple, to encourage people of all ages to stand up to substance abuse.

Facts About HPV
Human papillomavirus or HPV is a virus you may not know too much about—but you should. HPV will affect an estimated 75% to 80% of males and females in their lifetime. For most, HPV clears on its own. But, for others who don’t clear certain types, HPV could cause significant consequences: cervical, vaginal, and vulvar cancers in females. Other types could cause genital warts in both males and females. And there’s no way to predict who will or won’t clear the virus.

Who should get vaccinated with Gardasil?
GARDASIL is for females and males ages 9 to 26. When it comes to human papillomavirus (HPV) vaccination, females are only half the equation. Males can get vaccinated, too. Like other vaccines, GARDASIL works to help prevent illness. GARDASIL works when given before there is any contact with the relevant HPV types.

Girls and boys as young as 9 can get vaccinated. If you’re a young adult who is already sexually active, you may still benefit from GARDASIL. That’s because even if you have been exposed to HPV, you may not have been exposed to the types of the virus covered by this HPV vaccine. GARDASIL could still help protect you against the relevant HPV types to which you haven’t been exposed.

If you are considering GARDASIL check out the following web site for more information www.gardasil.com

No appointment necessary.

QUITPLAN® SERVICES HELP YOU STOP SMOKING
21.8 percent of 18-24 year olds smoke. That is the highest smoking rate of any other rage group!

Smoking is frequently associated with collegiate social experiences and is a common way for adult students to relieve the school related stress they are certain to feel.

The use of tobacco among young adults (ranging from 18-24 years old) has declined since the 1990s; however, in recent years the decline has slowed for cigarette smoking and stalled for smokeless tobacco use. According to the Minnesota Adult Tobacco Survey, 21.8 percent of 18-24 year olds smoke, the highest smoking rate of any other age group.

A recent report from the U.S. Surgeon General also released startling statistics relevant to adult students; 99 percent of adult smokers in the U.S. start by age 26 and one in three young adults is a current cigarette smoker.

QUITPLAN Services, a free quit-smoking counseling service available to all Minnesotans, is here to help those that are ready to kick the habit. The support offered by QUITPLAN Services includes:

- Free phone coaching to help quit tobacco
- A free self-guided web program to help Minnesotans quit
- Free patches, gum, and lozenges to qualifying individuals enrolled in the phone coaching program

QUITPLAN® Services for Minnesotans include:
- QUITPLAN® Helpline offers telephone counseling and free nicotine patches, lozenges or gum to eligible callers. 1-888-354-PLAN (7526)
- quitplan.com – The website offers free lifetime membership, helpful quitting tools and activities and the option to connect online with thousands of others who have chosen to quit tobacco
- QUITPLAN® at Work offers free on-site professional group counseling for eligible businesses with at least eight employees ready to stop smoking.

Please contact Jessica if you are interested in working together to develop a story. A QUITPLAN Services representative is available to discuss the free quit-smoking resources available to Minnesotans as well as the impact smoking has on college students.

Swann’s 17 Kills Help UMC Snap Six-Match Skid with 3-1 Victory over Sioux Falls

Shawn Smith, Sports Information Director

Box Score CROOKSTON, Minn. – Amanda Swann’s (Sr., OH, Rochester Hills, Mich.) 17 kills helped pace a University of Minnesota, Crookston volleyball team that bounced back after losing the first set to upend the University of Sioux Falls 3-1 (15-25, 25-16, 25-21, 25-15) and snap a six-match losing streak. The Golden Eagles improve to 8-9 (4-6 NSIC) with the victory that is the first NSIC win for UMC since upending Bemidji State University Sept. 18. Sioux Falls’ record drops to 9-10 (1-9 NSIC).

Swann finished the match hitting .244 with 17 kills on 41 attempts. The 17 kills is a season-high for any UMC hitter. Coming in, the high was 16 kills accomplished by Swann against Northern State University Oct. 5 and Brittany Looker (So., OH, Rochester, Minn.) Sept. 7 versus Ferris State University.

Looker chipped in 14 kills on the night and hit .306 to put in a very solid night of her own to add to Swann’s attack numbers. The Golden Eagles finished the night with 47 kills and 17 errors while hitting .222 as a team. Lindsey Rees (R-Jr., S, Bronson, Mich.) paced the team with 23 assists on the night while Paige Mitchell (R-Jr., S, West Palm Beach, Fla.) chipped in 17.

Defensively three players had double-figure dig numbers for a UMC team that finished with 59 digs for 14.75 digs per set. Alexandra Skeeter (Jr., OH, Milwaukee, Wis.) led the team with 16 digs while Chelsea Wiesner (Jr., Lib., Rochester, Minn.) added 14 and Looker chipped in 12, securing her 10th double-double of the year. UMC’s block was led by Morgan VanGerpen (So., MH, Overland Park, Kan.), who finished with one solo block and three block assists.

Sioux Falls was held to a .147 hitting percentage on the night. Kellee Griese led the Cougars with 11 kills while Emily Johnson chipped in 10. Sioux Falls had 48 kills and 27 errors on the night. Alexa Reed paced the Cougar offense with 40 assists. Defensively, Sioux Falls had three players with double-figure digs paced by Andrea Odbert’s 19.

In the first set, the Cougars came out and dominated out-hitting UMC .281 to .000 to win the set 25-15. It was only the seventh first set UMC had lost all season and was a reverse of recent fortunes as the Golden Eagles had won three of the last four sets and ultimately lost those matches. UMC had seven errors in the first set and only seven kills. Sioux Falls had 14 kills and five errors.

The Golden Eagles bounced back in the second set as they hit .208 compared to a .034 hitting percentage from the Cougars. Swann had four kills and hit .375 as UMC dominated Sioux Falls 25-16 in the frame.

In the third set, the two teams went back-and-forth early with the score knotted at 16-16 but the Golden Eagles took four of the next six points with two Swann kills, a Wiesner service ace and an attack error from Sioux Fall’s Chanda Goedken. From there, UMC was able to hang on for the 25-21 set win. UMC hit .341 in the set led by Swann’s seven kills and .583 hitting percentage.

In set four, the Golden Eagles again dominated with a 25-15 victory to secure the match. UMC hit .270 in the set compared to .057 in the set. Looker paced the Golden Eagles in the frame with five kills and hit .400 for the set.

**Why Intern at Rembrandt Enterprises, Inc?**

- Innovative ideas, fresh perspectives and fundamental knowledge are important elements that will help shape the future of this company.
- Our internship program is designed to provide students with an opportunity to work on meaningful projects and gain real-world experience to enhance their educational experience.

**Here’s what some of our recent interns had to say about their experience:**

“Working for Rembrandt Enterprises was a great experience. While working in the Pet Care Division, I gained an appreciation for science and how it is applied in pet food ingredient production. I was able to offer input about how to improve the production process and worked on cost reduction projects. This internship was truly unique and rewarding and I am very fortunate to have been given such a great opportunity.”

Jake H., Intern - Summer of 2012

“There is an undeniable energy in a company built on an intelligent idea-giving it a solid base-add the right people-who are the creative building blocks- and you have a grand enterprise. A place where responsibility allows forward thinking to take root is a place I respect; both as a former intern and now as a consumer.”

Rachel K., Intern - Summer of 2012

“Having an internship at Rembrandt was a rewarding experience, which both engaged me in current business activities and helped define my career goals. Working alongside an experience staff, I was able to get a holistic view of the company and participate in meaningful projects. I was treated as more than an intern, and felt like I had an important role in the company. Through a combination of veteran co-workers and the ability to work independently, Rembrandt provided a work experience most interns will not receive.”

Brett A., Intern - Summer of 2012
