Due to Weather - Reminder to Think of Safety

With the arrival of November, the possibilities of winter weather affecting the campus are real.

You are encouraged to review the Campus Emergency Closing Policies and Procedures:
www.umcrookston.edu/info/policies/closing.htm

Any decision to close the campus due to bad weather, such as a snowstorm or blizzard, or any other situation is given careful consideration because it affects productivity as well as required class instruction days. Please keep in mind that unlike high schools, UMC cannot simply add make-up days at the end of the academic year. That said, unreasonable risk and danger posed by travel to or from campus are considered in any decision to close campus. Explanations and interpretations are available on the policies and procedures page linked above.

The campus will generally not close due to weather related conditions if Highway 2 is open to traffic (i.e., not officially closed by law enforcement agencies or the Minnesota Department of Transportation). If Highway 2 is officially closed, the campus will be closed—but keep in mind that if the highway is closed at 6 a.m., it may not be closed at 9 a.m. because conditions may have improved. That is the rationale behind the late start decisions that have been made in the past. A late start at 10 a.m. gives some leeway in avoiding the loss of an entire class day, especially if conditions are expected to improve. In the case of a late start, if conditions remain poor and/or deteriorate, then an additional announcement will be made to cancel for the day, generally by 8:30 a.m. If there is a late start, say at 10 a.m., the day’s schedule would start with the regularly scheduled classes that occur at 10 a.m. (8 and 9 a.m. classes would not be rescheduled).

If a decision is made to close the campus due to bad weather, watch for official weather related closing information via cell phones using the TXT-U emergency notification system, campus e-mail (an official e-mail will be sent by UMC’s director of communications or the associate vice chancellor for student affairs and enrollment management), alerts on the UMC main web page and UMC Today page, as well as announcements on KROX radio (1260 AM), WDAZ TV, KVLY TV, and selected other regional media outlets.

Online students may wonder why they are included in these messages, since they may not be affected in the region they live. Since most of the faculty who teach online courses live in this region, it is important to know that the weather situation may affect the responsiveness in communication or accessibility of said faculty members.

Avoid travel during extreme winter weather...

Students, faculty, and staff—especially those who are not familiar with winter weather conditions in Minnesota—should know that travel during a blizzard can be life-threatening. While a “day off” from classes may be tempting, please consider avoiding travel when a decision to close the campus is made. Here is a link with helpful information from the Minnesota Department of Public Safety:
https://dps.mn.gov/divisions/hsem/weather-awareness-preparedness/Pages/winter-driving.aspx

NOTE: if you wish to add/remove your name from or modify the phone numbers associated with your account on the TXT-U emergency text notification system, please go to:
www.umcrookston.edu/Facilitiesmgmt/Prepared/txtu.htm
Individuals may manage their accounts and related phone numbers by clicking on the “Register/modify” link in the right hand column of that web page.

Brain Teasers

A REBUS is a picture representation of a name, work, or phrase. Each “rebus” puzzle box portrays a common word or phrase. Can you guess what it is? Example)

HEEL

Answer for Head: Since the word HEAD is over the word HEELS, the answer to the puzzle would be HEAD OVER HEELS!

Answer for Corporate: Because the word Corporate is getting smaller, the answer to the puzzle would be Corporate Downsizing!

Matthew Borowicz is this week’s winner. He knew last week’s puzzle was “An Inside Job.” He can pick up his free movie pass from Meloni in 236 Sargeant Student Center. If you think you know the answer to this week’s Rebus, send an e-mail to meloni (melonir@umn.edu). A winner will be chosen from the correct answers. The winner will receive a free ticket to the Grand Theatre in Crookston. Email your answer to Meloni prior to noon on Thursday, November 13, 2014. The winner’s name will appear in the November 17, 2014 Eagle’s Eye.
